1 How This Guide is Formatted

This guide is made using \LaTeX , a typesetting document format, mainly used for large documents like STEM documents, theses, and research papers. To read more about what I think about \LaTeX , you [can go here](#).

2 Format

Course

- Department (Example: “LE”)
- Code (Example: “EECS”)
- Term (Examples: “F”, “W”, “SU”, “S1”, ...)
- Title
- Num (Example: “2001” for EECS 2001)
- Credits (Example: “3.00”)
- Language (language the course is taught in. Most likely “EN”)
- Meetings
 - Section (single letter)
 - Type (Example: LECT, TUTR, etc.)
 - Num (“01” in “LECT 01”)
 - CAT
 - Day (MTWRF)
 - Time
 - Duration
 - Location
 - Instructor
